Profile

Passionate about data analysis and science, I thrive on unlocking insights from complex datasets. Proficient in Python and C programming, I enjoy the challenge of problem-solving and have solved over 200 coding challenges. Eager to apply my skills in statistical analysis, machine learning, and data visualization to drive informed decision-making. With a solid foundation in data analysis methodologies, I am dedicated to continuous learning and staying updated with industry trends. Let's connect and explore opportunities to collaborate on impactful projects in the field of data analysis and science.

Areas of Expertise

Data Analyst, Machine learning, C Programming, Python Programming, Data Scientist
